IT & Security Policy — Sample Company

1. Password Policy

Employees must use strong passwords and change their company password every 90 days. Passwords must not be shared with other employees.

2. IT Support

Employees can contact the IT help desk for laptop, software, network, and account-related issues. The IT help desk operates from 8 AM to 7 PM on business days.

3. Security Incidents

Employees must report suspected phishing emails or security incidents to the IT security team immediately.

4. Company Devices

Company laptops must use the approved security software. Employees should not install unauthorized software on company devices.
